

Strengthening the future of senior care through compassion, opportunity, and dignity for every resident and family we serve.

Three core areas of impact:

Benevolent & Continuing Care

Helping seniors remain in care when their savings are exhausted, so they keep the comfort, stability, and dignity they deserve.

Caregiver Workforce Development

Investing in the next generation of caregivers through education, career pathways, mentorship, and leadership training.

Senior Wishes & Family Experiences

Creating meaningful moments, celebrations, and wish-based experiences for seniors and their loved ones.

Families often ask how to honor a loved one after their passing. One meaningful way is to donate remaining resident refunds or balances back to the Foundation — a gift that directly supports seniors in need, develops future caregivers, and creates lasting experiences for others.

Help Us Build Tomorrow

You can support this incredible mission — donate, get involved, or learn more. Reach out to **Kristina Freismuth** directly:
